Dr. Russell Foote, CHAIRMAN. Donald Berment, SECRETARY. Desmond Persad, TREASURER.

TO WHOM IT MAY CONCERN—NOTICE OF PREACTION PROTOCOL PROCESS TO THE NIB OF TT.

The following was put on my Social Media Wednesday the 1st day of May 2019 and is now being sent to the Minister of Finance, the Chairman of the NIB, the Executive Director of the NIB, the Records Manager of NIB and Others, with attached documents to support **my claim of Fraudulent Concealment re Section 45 of the NIB Act Ch: 32:01**, since 1972 by the NIB.

Is This FRAUD, Mismanagement, Corruption, ABUSE Or Negligence By The National Insurance Board?

ENOUGH IS ENOUGH. It is so alarming that our National Insurance Board, hereinafter referred to as the NIB, can be considering raising National Insurance Rates when there is a questionable behaviour carried out by the NIB since inception, fraudulently using a power under the NIB Act, to deny contributors the full benefit of their contributions. **In this case it is called FRAUDULENT CONCEALMENT, re Sect. 45 of the NIB Act, Ch: 32:01.**

Couple that with the internal inefficient management of the NIB itself and the management of one of its subsidiaries, NIPDEC; we realize that the NIB must come under the scrutiny of the (JLC) Joint Select Committee of Parliament quickly, before we sink deeper into this Abyss we are being led towards by our present leaders.

Citizens must comply by law to pay National Insurance Contributions as employees and employers, but NIB only records 52 such contributions per year from individuals, even if they work 4 different places and pay contributions from all four, adding the sum of your contributions to be recorded at the highest Class they have, but not counting the number of contributions they make, which can make you eligible for a retirement pension or large retirement grant. If this is not **Fraud, misrepresentation, inefficiency and abuse** to senior citizens at retirement, sue me, let me put my case to the Court and claim massive damages. **My NIS # is 080055304. My ID # is 19480522018.**

I retired at 65 years on the 22nd of May 2013 and waited 2 years before some money was put in my bank account, **to survive for 3 yrs.** without any notice from the NIB to date of what that money was for, either a first payment before pension was finalized or final payment, after calculating all the contributions made by me. Bank notice attached.

When I inquired of my Claim Status from the Records Manager Mr. Neil Woods, he said my claim for nonpayment of contributions from my employer of 18 years; the UWI School of Continuing Studies was still being investigated and they were checking to verify if I was an employee or an Independent Contractor, at UWI. **It is 6 years now.**

In addition, having worked for a Government Minister for 4 years and 4 months and only those contributions were recognized by the NIB because my contributions were at the highest class and my other salary as Director/Secretary of my daughter's Salon Company were not counted by SUM or NUMBER of them made.

When all those contributions are rightfully and legally recognized, either voluntarily by the NIB or through a Court order, I will have my NIB pension to assist my free domestic violence counseling service, now at 71 years of age and the care of my almost 6 year old grandson, whose father died through gang violence when he was one year old. Violence occurs in many ways and from many sources. **What was put in the bank was pension for 3 years, now 71.**

The NIB must put its house in order first before seeking more money to waste through inefficient management and fraudulent practices. Thousands of citizens complain of and suffer daily at, the hands of the NIB and we have to stop this now, before we end up like what is happening to our neighbour via policies leading to their existing painful lifestyle.

ENOUGH IS ENOUGH. We as adults must continue to fight for our vulnerable citizens. We see what happens to our neighbours when leaders and their complacent followers get clouded with strictly partisan politics, forgetting the people they go there to serve, ignoring the true philosophical nature of, the science and practice of politics.

SignedDonald Berment, Secretary/Counsellor.
